'Freedom Bus' Will Carry All Negroes Ready

NEW ORLEANS, La. (AP)—A "Freedom Bus" will carry all Negroes ready to leave for the North and West for dissatisfied with the situation here, Monday, a director of the sponsoring New Orleans Citizens Council said Friday night.

"We're ready to send as many as we want to go," said the director, George Singelmann.

Singelmann said Trailways officials had promised to make available as many buses as necessary shortly after noon Monday. He said he had deposited \$1,400 for each of two or three buses expected to go.

He said he wouldn't know just how many would leave until they showed up at the bus terminal. He insisted that more than 100 Louisiana Negroes were waiting to make the journey.

Two Negroes left for New York City Friday night. They were Shelby Williams, about 27, and his wife, Singelmann said the Williams couple didn't want to wait until Monday because their rent in New Orleans was to run out tonight.

Singelmann said those who requested to leave by bus Monday included a couple and their 10 children who were going to Los Angeles; a woman with three children to Oakland, and dozens of others for Washington, Philadelphia, New York and Chicago.

Singelmann said he had also reserved 25 seats on the Southern Pacific train Sunset Limited leaving New Orleans for California Monday night.

Mayor John Houlihan of Oakland said, "It is a sad commentary on humanity that these white Southerners would take this action to get rid of unfortunate Negroes."

Mayor Robert F. Wagner of New York said the motives in the Freedom Bus program were beneath and beyond contempt.

Nevertheless, said Wagner, temporary emergency relief would be made available "to these refugees from oppression and discrimination within our own land."

In Philadelphia, Thomas B. Burrell, executive director of the local branch of the National Association for the Advancement of Colored People, said, "These people will come here assuming there's gold in the streets, when actually job conditions, along with housing conditions, are almost as bad, if not as bad, as they are in New Orleans."

Manuel Kaufman, deputy commissioner of the Philadelphia Welfare Department, said if any families did arrive, the city could not do more than provide them with surplus food since there are residency requirements for public assistance.

Cancer Chairmen Announced

April 30, is designated C-Day in the Hempstead County Cancer fund drive. This is the day that material will be distributed throughout the county by workers.

Plans for the drive were made at a coffee here this week which was attended by 45 workers. Mrs. Carter Russell, Crusade Chairman announced the following County Chairmen:

Sweet Home — Mrs. H. M. Montgomery; Centerville — Mrs. Vernie Goyne and Mrs. R. H. Snelgrove; DeAnn — Mrs. Hollis Samuels; Blevins — Mrs. C. W. Leverett; Palmos — Mrs. Ferrell Rider; McCaskill — Mrs. Gordon Prescott; McNab — Mrs. Mary Spates; Victory — Mrs. Cecil Smith.

Fulton — Mrs. Jim Moore, Mrs. Chester Anderson; Ozan — Mrs. Audrey Smead; Columbus — Mrs. Allen Downs, Mrs. David Mitchell and Mrs. Fred Caldwell; Bingen — Mrs. Rufus Wolff, Mrs. Charles Clingan Jr., Mrs. Glen Crowell; Tokio — Mrs. Landis Stewart; Washington — Mrs. Fred Norwood and Guernsey — Mrs. N. B. Coleman.

Weather

Total precipitation in March 2.72 inches; Total 1962 precipitation through March 14.85 inches; during the same period a year ago, 13.91 inches.

ANYBODY FOR STUDYING WELSH?—Here's a good beginning exercise—pronounce Llanafrwylgwyllgogerychwyrndrobwlllantysiliogogoch, the name of a town in Wales. Trainman is shown trying to unravel the puzzle of letters. Translated, the 58-letter name means "The Church of St. Mary in the hollow of a white hazel near to a rapid whirlpool and St. Tysilio's Church near to a red cave"—which covers everything.

Hopes Rise for Russia, U. S. Venture

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP)—The successful launchings of a U.S.-British satellite and an American-Japanese probe have given rise to hopes the United States and Russia will eventually combine their great resources for an all-out assault on space.

An American Thor-Delta rocket Thursday blasted a packet of British experiments into orbit as the world's first international satellite. Its purpose is to study the ionosphere and cosmic radiation.

Earlier, at Wallops Island, Va., a U.S.-Nike-Cajon sounding rocket boosted a small bundle of Japanese instruments on a brief 75-mile-high trip to take readings in the upper atmosphere.

The launchings occurred during a day of crowded space activity. Other developments:

1. The U.S. Ranger 4 spacecraft, crash-landed on the dark side of the moon after a 64-hour, 211,486-mile journey that started Monday at Cape Canaveral. Although Ranger 4 failed to carry out a number of scientific experiments because of a faulty electronic device, officials said it demonstrated the United States had the guidance capability to send a vehicle to the moon.

2. Space scientists disclosed plans to send a similar rocket toward Venus this summer. It's called Mariner and will be boosted by the same Agena B combination that aimed Ranger.

3. The Russians announced the launching of their fourth scientific satellite in six weeks. The Soviets said the vehicle, Cosmos 4, carried radiation-measuring and other scientific gear. There was some speculation the recent wave of Russian satellites have been sent up to gather data on America's series of nuclear tests in the Pacific.

4. Two secret satellites were launched by the Air Force at Point Arguello, Calif. One employed a Blue Scout booster, the other an Atlas-Agena B, which has been used primarily for Midas and Samos spy satellites.

Sources at Cape Canaveral, where Blue Scouts also are launched, indicated the Blue Scout failed to place its payload in orbit. The Defense Department recently decided to withhold all information on military space launchings.

5. It was learned that at a session today of the International Association of Geodesy in Washington, some further details were to be made public on the proposed Anna satellite, which would involve use of a flashing light for visually observing earth satellites.

Paint Home a Defiant Lavender

QUINCY, Ill. (AP)—Mr. and Mrs. Paul Butler have painted their house what might be called defiant lavender.

A sign posted in front of it reads: "We don't like the color of your house either."

Workers Vote to Join Union

BLTHEVILLE, Ark. (AP)—Scott Valve Co. employees approved representation by the United Auto Workers Union Thursday by a vote of 87-36. The company, which went into production last June after moving here from Detroit, has 160 employees. The election was supervised by the National Labor Relations Board.

Swedes Record Earthquake

STOCKHOLM (AP)—A Swedish professor said today that an examination of the Stockholm Polytechnic University's seismograph showed that an earthquake occurred in the Pacific Wednesday exactly at the time of the U.S. nuclear test there.

Stote Elects

JONESBORO, Ark. (AP)—Leavie Brice of Mammoth Spring has been elected president of the student body at Arkansas State College here. Other officers are Randy Ishmael of Jonesboro and Judy Hendrix of Marked Tree, vice presidents.

Special Program for Presbyterians

The Men's Class of the Presbyterian Church will have a special program Sunday morning at 10. Those taking part in the panel discussion will be:

Crit Stewart Jr., Mrs. C. Lynn Harris, Robert Wilson, Carson Lewis, Franklin McLarty, Major Carl Green, and a representative of the youth fellowship.

Negro Pair, Children Leave Hotel

NEW YORK (AP)—A Negro couple and their eight children, sent here by a group of Louisiana segregationists, have moved out of their rent-free Manhattan hotel after the hotel manager received a bomb threat in the mail.

Last Saturday Morris Holm, manager of the 19-story Hotel Walcott, gave free rental on a \$25-a-day apartment to Louis Boyd and his wife and children. Holm said he would allow the family to stay in the suite until they were financially able to take other lodgings.

Holm said Thursday he received a letter warning him that a bomb would be placed in the hotel because of "his hospitality" to the New Orleans family.

Police and the FBI searched the building but found nothing. Boyd was hired this week by a New Jersey manufacturer at \$100 a week.

The Boyds checked out of the hotel Thursday night for an unannounced destination. Holm said Boyd had found an apartment in New Jersey near his place of work.

George Singelmann, executive of the Greater New Orleans Citizens Council, which gave the Boyds bus fare and \$50 food money to come to New York, commented:

"It is unbelievable that anyone in the brotherly love city of New York would threaten to bomb the hotel which is playing host to the New Orleans Negro family with eight children simply because they are Negroes."

Meanwhile the New York City Commission on Human Rights urged the federal government to intervene and discourage Southern groups from financing one-way trips for Negroes to Northern cities.

Commission Chairman Stanley H. Lowell said all migrants "white or Negro" would find "virtually insurmountable" difficulties in getting housing and jobs in Northern cities because of the general population growth in urban areas accompanied by a rising cost of living.

Records May Fall in Penn Relays

PHILADELPHIA (AP)—The Penn Relays opened today with Michigan defending its four-mile title, also trying to make it two straight in the distance medley and Villanova desperately trying to put together a mile quartet.

The mile is scheduled as the closing event of the big carnival, which has attracted 645 high schools and colleges, Saturday. Villanova has won it seven years running, but the Wildcats' string appears ready to run out.

Their leadoff man, Carl Wagner, is on the shelf with a pull. Last week in the Queens-Iona Relays, Charlie Hammock, a hurdler, filled in. Now he has come up with a pull.

The co-favorites in the mile are Abilene Christian and Oklahoma State.

Earthquake Shakes California Area

LOS ANGELES (AP)—An earthquake, described as a roller that lasted about 20 seconds, shook a wide area of southern California early today.

No damage was reported, but windows rattled and light fixtures swayed in Los Angeles, Riverside and San Bernardino counties.

Wants JFK to Head Off Wage Hike

CHICAGO (AP)—A spokesman for the railroads contends the Kennedy administration should head off a wage boost for 500,000 non-operating rail workers if one is recommended next week by a presidential fact-finding board.

J. E. Wolfe, chairman of the Western Carriers Conference Committee, told a news conference Thursday that consistency demands such action. He said he called the conference because of rumors the board may suggest a pay increase.

A fact-finding board appointed by President Kennedy and headed by Saul Wallen of Boston is to report to the President next Thursday. Eleven unions represent the workers involved.

If the board recommends pay boosts, Wolfe said, "the administration must step in and tell the employees such a wage increase can not be made effective without destroying or partially destroying the non-inflationary policy of the administration."

"I would expect the administration to do what is necessary to avoid impairment of administration policy designed to prevent inflation," Wolfe told newsmen.

The railroad spokesman indicated he referred to non-inflationary policies that prompted the Kennedy administration to fast action in the recent uproar over steel price increases, which were announced and quickly revoked.

The 11 unions of telegraphers, clerks and others who don't actually man the train have demanded wage boosts of 25 cents an hour and an agreement not to dismiss any employee without six months notice.

The railroads demanded a 20 per cent reduction in the pay scales of semi-skilled and unskilled workers, a hold-the-line freeze on wages of skilled workers, and the right to lay off employees on 24 hours notice.

Wolfe said the average hourly pay of non-operating employees was \$2.47 in 1961. The unions quote the rate at \$2.43.

Speech Against Army Policy, General Fired

WASHINGTON (AP)—Maj. Arch E. Roberts has been barred from active duty by the Army and ordered back to civilian life for his unauthorized speech before the Daughters of the American Revolution.

The order was handed down Friday by Secretary of the Army Elvis J. Stahr Jr., who said he took the action "because of improper statements made by Maj. Roberts in an uncles speech."

Roberts said he was surprised and intended to appeal.

"I expected a hearing and I still expect a hearing," declared Roberts. "My position has never been revealed, except to the dear ladies in the DAR, God bless 'em."

The Army said, however, there was no formal appeal procedure open to Roberts, who claims to be the author of former Maj. Gen. Edwin A. Walker's controversial pre-blue troop indoctrination program.

Roberts—who believes the nation is menaced by communism—gave a talk to the DAR convention April 19 after the Pentagon refused to approve the formal speech he had prepared. He attributed a Communist background to Los Angeles Mayor Samuel Yorty—a charge Yorty denounced as ridiculous—and said Assistant Secretary of State G. Mennen Williams had leftist leanings.

Roberts was immediately suspended pending an investigation, which resulted in the action by the secretary of the Army.

Stahr, said the Defense Department had decided the 46-year-old former paratrooper had "violated traditional standards of conduct for an officer of the U.S. Army."

The department said the finding "followed official inquiry into the circumstances surrounding the making of the speech and a study of the contents of the speech."

The order relieving Roberts from active duty is effective May 7. He will retain his Reserve commission.

Roberts, restricted to his post at Ft. Lee, Va., since the speech, has said he wants to tell his story before the Senate Armed Services subcommittee, headed by Sen. John Stennis, D-Miss., which has been investigating allegations that the Pentagon and State Department have muzzled anti-Communist speeches and efforts of military officers.

But Stennis said his subcommittee planned to take no immediate action. Sen. Strom Thurmond, D-S.C., an Army Reserve major general whose allegations triggered the muzzling inquiry, has said that he felt the Army should handle Roberts' case.

Says Fall Not Blame in Child's Death

JONESBORO, Ark. (AP)—Dr. William Bell, a pathologist who performed an autopsy on the body of 19-month-old Christine Ciren, testified in Craighead Circuit Court today that the ruptured liver which caused the child's death could not have resulted from a fall down stairs, as her stepmother claims.

The prosecution contends that the child died as a result of blows inflicted by her stepmother, Mrs. Mary Lou Henson, who is in trial for second degree murder.

Mrs. Henson said the child fell down a flight of stairs at their second floor apartment on New Year's Eve, 1960.

Bell testified that when he viewed the child's body at the hospital, he detected multiple bruises and cuts "that could have been made by fingernails." He also said bruises might have been caused "by human knuckles and fingers."

Arkla Buys Land in Saline Co.

LITTLE ROCK (AP)—The Arkansas Louisiana Chemical Co., a wholly owned subsidiary of Arkansas Louisiana Gas Co., has bought between 11,000 and 12,000 acres of Saline County land for development.

The purchase price was reported at more than \$750,000. The land ranges in size from 160 acre tracts to some as large as 5,000 acres. It was purchased from the Lewis Lumber Co. of Benton.

W. R. Stephens, president of Arkla and the subsidiary chemical company, declined comment on the transaction.

"We are continually looking for methods of diversification and ways to industrialize this state," he said.

Some of the property adjoins the Saline River and the Benton city limits.

The Arkansas Democrat reported today that "two or three people" are interested in the land as a prospective industrial site.

Hot Hunt on for Two Cool Gunmen

SUNNYVALE, Calif. (AP)—A hot hunt is on for two cool gunmen who robbed a Sunnyvale branch of the Bank of America of \$33,622 Thursday.

The bandits ordered employees and customers to lie on the floor, and methodically stuffed all the cash from tellers' cages and the vault into a green tin box and a beige bank bag.

Both were armed with pistols. The whole operation took only five minutes, police said.

Laws Are as Old as Monkind—the Only Law That Cannot Be Broken is Law of Nature

By MARY ANITA LASETER
We all know there is a contrast between government under law in the United States and government by force behind the Iron Curtain. Excuse the pun, but how ironic that both events should be celebrated on the same day, May 1!

It is the responsibility of lawyers and lawmakers to supply the force of law. To this end a democracy is formed, is nurtured, and is successful.

The whole structure of our business, religious, social and cultural life rests upon laws. In our reliance upon the rule of law in our daily affairs we may at times take for granted the benefits we derive from it.

A nation anywhere in the world will be drawn toward any system that can substitute the justice of the courtroom for slaughter on the battlefield as a means of settling national differences. The mounting risks of the continued arms race has compelled the seeking of international law-making, a hitherto unsuccessful venture.

It is still possible that the lawgivers of our age will fashion an international code so appealing that world sentiment will compel its general acceptance. The fact that this task calls for the wisdom of Solomon and the firmness of Lincoln is no excuse for abandoning it or leaving it to chance.

The truth is that the world has become too dangerous to live in without world law. Every new trip into outer space increases the urgency of this quest for an international legal order. Moreover, a single law for outer space could point the way to a single law for maintenance of peace on our own planet. This presents an enormous challenge to every member of the bar and to every disciple of freedom.

Since the beginning of time there have been laws for both man and beast. The one law no human can oppose is "the law of nature." The animal kingdom usually has more sense than to try, but sometimes man makes a stab at going against it with inevitable results. Like other laws, this one was made to be kept.

Our laws that are "on the books" have not yet made the supreme contribution to the welfare of mankind that they are capable of making. In a quieter age it was possible to await the slow growth of law in the hope that it would catch up with the swift development of technology, science, and industry. But the age of missiles, nuclear bombs, and man-made moons has robbed us of that comfort. With the space race going at super-sonic speed, the evolution of law cannot be permitted to lag behind without increasing the risk of disaster.

Next Tuesday, May 1 is Law Day — USA. Concerted efforts to temper power with law hold the possibility of contributing more to the peace, welfare and happiness of mankind than any possible venture into the new worlds that science is bringing within our ken.

Back-to-Back Nuclear Tests Fired By U.S.

WASHINGTON (AP)—The United States has fired back-to-back nuclear tests thousands of miles apart—one underground in Nevada, the other a mushrooming burst over the Pacific.

The Pacific shot Friday was the second in the new American series of atmospheric tests. According to the terse Atomic Energy Commission announcement, it was pretty much a repeat of Wednesday's test.

The device, dropped from a plane in the vicinity of Christmas Island shortly after sunrise, brightened the sky over the central Pacific.

The detonation was described as in the intermediate range—having more explosive power than 20,000 tons of TNT but less than 1-million tons. This would make it 5 to 25 times more powerful than the World War II atomic bomb that blasted Hiroshima.

The Nevada test was the 30th underground blast to be reported by the AEC since the series was begun after the Soviet Union broke the test moratorium last fall with some 40 blasts in the atmosphere.

The AEC said the underground shot was a low-yield explosion—less than the force of 20,000 tons of TNT.

It was the first time shots were detonated at widely separated test sites on a single day but not the first time a day's testing included two or more blasts. The tests in the atmosphere are the first by the United States since Oct. 30, 1958, just before the voluntary moratorium went into effect.

It was understood that the Pacific explosions had to do with checking out a device still in the development stage rather than a finished atomic weapon.

The planes used were probably B-52 or B-47 bombers. Thus the explosion likely was triggered at a relatively low altitude, below 30,000 feet.

Would Limit Number of Lawmakers

DERMOTT, Ark. (AP)—Chicot County Rep. Ben Bynum said Thursday he would sponsor a constitutional amendment to bar any one county from having more than 10 per cent of the members of either house of the legislature.

Bynum said he would submit the amendment to the 1963 legislature if he is reelected.

Only Pulaski County would be affected. A recent reapportionment order by the state Supreme Court gave Pulaski 11 seats in the 100-member House. Pulaski's three senators do not make up 10 per cent of that 35-member body.

For Bynum's amendment to get on the ballot, the legislature would have to select it as one of three each General Assembly can put to a vote. It would be voted on in the 1964 general election.

Bynum said the amendment was his own idea and he had not discussed it with anyone else. "I can imagine the counties affected by the recent reapportionment will be for it, though," he said.

The Supreme Court took single seats away from Ouachita, White, Mississippi and Poinsett counties and gave three to Pulaski and one to Jefferson.

The Supreme Court reapportionment invalidated action of the state Board of Apportionment which had taken one seat from Mississippi and added one in Miller.

The state constitution requires reapportionment of the House after each federal census.

PEO Convention

NEWPORT, Ark. (AP)—The 29th annual convention of the P.E.O. opened Thursday at Newport and will continue through Saturday.

The women's organization promotes feminine education and supports Colley College at Nevada, Mo.

K Wishes to Visit U. S. in Disguise

EDITOR'S NOTE — Premier Khrushchev, in a talk with U.S. publisher Gardner Cowles, expressed the wish he might adopt a disguise to visit the United States and see everything interesting, including agriculture. He would be just a man named Ivanov, he explained. All this is not likely to happen, but AP Special Correspondent William L. Ryan has his ideas how it might turn out.

The round man with the full, flowing red beard and walrus mustaches gazed out of the window as the train sped through Beaver Junction and whistled past fields green with tall corn.

"Kukuruz," he muttered, his little blue eyes filling with tears. "Hey? You talking to me, stranger?" asked his lanky American seatmate.

"Kukuruz. Corn," said the round man, nodding his bald head in the direction of the fields. "I luff corn."

"You do, hey? You a stranger in these parts?"

The round man thrust out a chubby hand. "Ivanov. Ivan Sergeyevich. Simple citizen of great Soviet Union."

"Jones," said the other, faking the hand. "Simple former from Beaver Junction. I own all that," he waved at the corn. "What you doing in these parts Mr. Eye-Vanov?"

"Eye-Vanov," corrected the round man. "I come to United States to be able to see at peace everything interesting, to study agricultural production in United States."

"From Russia, hey? You one of these here Communists, Mr. Eye-Vanov?"

"Eye-Vanov. Da. I am, so to speak, member of party which occupies leading role in all-people's state."

"That so? Well, well! Think of that. Ever meet that old bird Khrushchev? He says he's gonna bury us."

"I mean, Nikita does not mean he will bury you. He means we will be at your grave when you are buried."

"Oh," said the American, "How do we get buried, then?"

"Each vegetable, so to speak, has its season. Moscow was not built in one day. You do not understand progressive nature of Marxism-Leninism. Class struggle which we, of course, will help along, will dig your grave. You are capitalist. Masses, so the say-

Highway Week Is Proclaimed

LITTLE ROCK (AP) — Gov. Orval E. Faubus Thursday proclaimed the week of May 20-26 as Highway Week and officials of the state Highway Department announced plans for a two-day aerial tour of the state highway system. Highway Director F. R. Oliver said Faubus, members of the state Highway Commission, Bureau of Public Roads representatives and leaders in the highway industry would make the tour.

Gals Want Entertaining TV Show

By CYNTHIA LOWRY
AP Television Radio Writer

NEW YORK (AP)—Recent decision of CBS to reorganize its daytime schedule by lengthening two of its soap operas and adding an afternoon version of a popular evening panel show shows pretty definitely what the mass feminine audience wants: entertainment.

When television was young, programmers enthusiastically loaded the daylight hours with "service" programs. They figured women would leap at the chance to pick up cooking hints, see the latest fashions, learn how to arrange flowers, set tables or remodel last year's suit into this year's mumm.

The ladies, it was soon obvious from the ratings, didn't want that at all. The most expensive lesson was learned by NBC with its "Home Show," which was set up in departments, like women's magazines, and covered the whole field of woman's interest. The program was well done, won plenty of acclaim—and such small audiences it finally was canceled.

NBC isn't exactly worried by the decision of an oil company to pull out of its half-sponsorship of the Huntley-Brinkley evening newscast. There is a waiting list.

The sponsor cited increasing costs as the reason for the decision. The 15-minute programs run between \$7,500 and \$10,000 each. Bob Newhart, however, is caught in an ironic situation by the decision of his sponsor to retire—not only from the Newhart show but from television itself. The decision was announced at most on the heels of a Peabody award to Newhart for the best comedy show of the year.

"Wait a minute, Mr. Eye-Vanov. I ain't no capitalist. And I ain't no member of any masses, either."

"If you are not capitalist, then you are one of toiling peasant masses."

"Look, Mr. Eye-Vanov. How'd you like a punch in the back? Who you calling a peasant anyway?"

"Eye-Vanov. Then you are really capitalist?"

"Don't go pinning any labels on me, mister."

"But all this corn?" the round man waved toward the window.

"Got too much of it. If you ask me, corn is for the birds."

"For birds? Birds? In Soviet Union corn is for pigs. Sausage on handle, so to speak. Corn is great weapon in struggle to overthrow United States. We will see who eats most, Mr. Capitalist!"

"Shucks, who cares about that around here? Everybody's losing weight these days. Nobody's eatin' nothin'."

"Ha! Progressive impoverishment of masses. Already masses starve for bread in capitalist United States," cried the round man triumphantly.

"Nuts, Mr. Eye-Vanov," said the farmer, rising as the train slowed. "Anyway, here's where I get off."

"Eye-Vanov, said the round man glumly, and he turned to the window again to stare glumly at the tall corn.

Nickel Can Buy a Little Escape

By PIERCE LEHMBECK

NEW YORK (AP)—What can you buy with a nickel? In this mecca of the high-priced, you can buy an escape from the thundering throng, fresh air, sea breezes, a spooning spot, and views of the Statue of Liberty and the most impressive skyline in the world—all at one time.

You drop the nickel into a slot as you pass through a turnstile to board a Staten Island ferry boat, an odd-shaped, barn-red craft that looks like a barge with three dance pavilions stacked on top.

Nine—sometimes 10—of these vessels daily ply between Manhattan's lower tip and St. George of Staten Island, five miles to the southeast. They move across the busiest harbor in the world, past scores of barges, lighters, chugging little tugs and graceful ocean liners.

It's easily the busiest waterborne passenger service in the world. In 1961, 25,694,244 persons and 1,712,240 vehicles were transported on almost 33,000 round trips. For 40,000 residents of Staten Island, it's the only direct link to jobs.

But the Staten Island Ferry is more than a passenger line. It's one of metropolis' major tourist attractions, a get-away-from-it-all haven for the city's tired—a stage, the ferry crewmen say, where a hundred dramas are played daily.

When a ferry churns out of a U-shaped slip at Manhattan's Whitehall Terminal, it's pointed directly at Governor's Island, so named because the king's representative in the colonial days resided there.

Less than 100 yards out, the ferry swings southward. At its rear, the financial district spires rise above the rolling green or Battery Park. Up the East River, the Brooklyn and Manhattan bridges hang suspended, often barely visible in a fog or haze.

Close to 3,000 persons cram aboard each ferry during the morning and evening rush hours, and the craft depart each terminal every 10 minutes. Comes the spring with the tourists and the daytime loads increase until they reach a peak in the late summer. Last August, for instance, 5 million persons took the ride.

The Staten Island Ferry's history goes back more than 300 years. In the 1600s, with wind and muscle the pushing forces, the trip took three hours. Today it takes 25 minutes.

Johnson Denies Any Danger

BALTIMORE, Md. (AP) — Vice President Lyndon B. Johnson denies that a plane mishap Thursday at a Dallas, Tex., airport endangered him and his wife, Lady Bird.

A twin-engine military T29 Sabreliner, carrying the Johnsons and crew, veered off a runway while taxiing for a takeoff and slipped into mud.

First reports said the plane's landing gear had collapsed, but Love Field officials later said no. After the Johnsons arrived here aboard a commercial airliner, the Vice President told newsmen at Friendship International Airport.

"There was nothing to it. The plane was taxiing about three miles an hour and the pilot decided to test the brakes."

Johnson added that neither he nor his wife were shaken up. The couple left the airport by limousine for Washington.

Can a Leopard Change His Spots?

By HELEN WORDEN ERSKINE

Dear Helen: What is the world coming to? Are you saying in your column that the majority of men enjoy "extra-marital romance?" What else could you possibly mean when you state as you did, and I quote, "Mighty few marriages would survive if women didn't overlook their husband's extra-marital romancing."

Should men feel free to run around then and more or less expect their wives to forgive and take them back? I can assure you that any female with the slightest degree of intelligence would never put up with such goings on. I am certain you are familiar with the old saying, "You cannot change the spots on a leopard." The same is true of a man who plines for a change in his love life—once he starts going out with other women, it is unlikely that he will ever stop. —Mrs. A., Elliott City, Md.

Dear Mrs. A.: I was stating a fact, not advocating one. It's far better to be a realist and make the best of a situation, than to be an ostrich and stick your head in the sands of never-never land. This goes for the men too, since infidelity is not confined to them.

What should these unhappy men and women do? The wisest course, if they wish to preserve their marriage, is to search their hearts and remain silent. Somewhere along the line they have failed in their marital relations, otherwise there would be no infidelity. They should ask themselves do I give my husband or wife the emotional security he or she needs? Is our sexual life normal? Am I being watchful, as every good partner should, of family finances? Are we companions in the true sense of the word? Am I opposed to having children? Unless all these questions can be answered satisfactorily, one or the other, or both, will go his (or her) separate way.

Nothing constructive can ever come from a pessimistic approach to life—especially marriage.

Dear Helen: You floored me recently by your advice to the woman whose mother left her, as a baby, on a doorstep. Reared by loving foster parents, this girl, now married, was pursuing a happy course with loving husband and children, when up pops this sick, penniless old lady and introduces herself as long lost mama, seeking sympathy and financial aid.

You perceptively told the poor daughter that it is her duty to help the mother who so cold-bloodedly deserted her. Take off that sentimental hat, with its flowers of sweetness and light!

Tell the daughter that the woman is a travesty on motherhood and deserves no consideration of any kind. Let her grovel in the gutter where she belongs. Frankly, Helen, you flabbergasted me!

Dear R.: You're discounting one of the fundamental laws of all religions: compassion. Without it we could not live with ourselves. I week when they returned from Easter vacation with their hair dyed various shades of orange, not for her mother's sake, but her

University. For the past five years, she has been employed in the Plant Division of the Southwestern Bell Telephone Co. in Dallas and Little Rock.

Lt. Shafer was graduated from Little Rock Central High School and graduated from the U. of A., where he was a member of the Pershing Rifles.

The wedding will be an event of July 15 at 3 p.m. in the First Methodist Church of Hope with a reception to follow at the Hope Country Club.

Jap Students Try to Storm U. S. Embassy

By ALAN CLINE

TOKYO (AP) — A crowd of about 2,000 screaming Japanese students tried to storm the U.S. Embassy today in protest against American nuclear testing.

Police drove them off, and about 500 staged a sitdown demonstration in front of the embassy tonight. Singing the Communist Internationale and shouting "Kennedy down with the bomb!" they squatted with their arms interlocked about 120 feet from the high wall around the embassy compound.

The police wheeled up five armored trucks and began disengaging the students. After an hour of scuffling, the police moved the students 300 yards down the street. The demonstrators conceded defeat and marched off to a downtown park for speeches and more noise-making.

Earlier the students made repeated charges from two directions at the stone and iron fence around the embassy compound. About 100 got as far as the gates before the police beat them back in kicking, shoving and blows.

It was the third day of demonstrations against American nuclear testing. The leftist Zengakuren Student Federation has said it would demonstrate every day as long as the tests continue.

Several embassy officers spent most of the day receiving protests from small groups of peaceful demonstrators. U.S. Ambassador Edwin O. Reischauer was away from Tokyo on a speech-making tour. One group allowed to enter consisted of eight citizens of Hiroshima, target of the first 1945 American atomic bombing. The eight included a woman with a child in her arms.

In London Thursday night 2,000 anti-bomb demonstrators marched in Grosvenor Square in front of the U.S. Embassy. Police moved in and arrested 192 when the marchers spilled into the street, sat down to block traffic and refused to move.

In Glasgow, Scotland, about 20 men and women succeeded in entering the U.S. consulate office and sat on the floor, singing anti-bomb songs. Police dragged them away.

Proclamation

In the winning and defending of our American freedom, the volunteer spirit symbolized by the Minute Man of 1775 has always tipped the scales in our favor. In times of peace, that volunteer spirit has constantly overcome obstacles in the path of our progress. It is an outstanding trait in the American character to pitch in and help get the job done when a job needs doing for the common good.

Today we are challenged. The cause of freedom is threatened. The world is in the grip of cold war. Americans, in the spirit of their forebears, are saying "I want to help. What can I do?"

The Treasury's Freedom Bond Drive is an answer to that question. It is designed to remind every citizen of an opportunity for patriotic service through the U.S. Savings Bonds program — to ask him to invest his dollars in his country, for the strengthening of our economic defenses against the dangers we face. Buying bonds cannot be the whole answer to that challenge, but it is a practical beginning — and one which every individual, every family can share, to the mutual benefit of all.

I, therefore, proclaim the period of May 1 to June 30, 1962, as a time of patriotic re-dedication for the citizens of Hope, Arkansas, as we carry out our part in the Freedom Bond Drive. Let every family use this opportunity to buy extra U.S. Savings Bonds, and to establish a regular habit of saving for security through these "Bonds of Freedom" — an investment in America and in ourselves.

Mayor of Hope, Ark.

New Meeting on Berlin Issues

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Secretary of State Dean Rusk and Soviet Ambassador Anatoly F. Dobrynin scheduled a new meeting on Berlin today in spite of the angry dispute between Moscow and Washington over U.S. resumption of nuclear atmospheric tests.

As the two prepared to meet, there was speculation that the second test in the new U.S. series might be touched off today or Saturday. The first was fired on Wednesday over the Pacific testing area.

Soviet readiness to continue the search for a Berlin settlement plus Soviet failure to walk out of the Geneva disarmament conference was interpreted here as evidence that Premier Khrushchev has decided to limit Russian reaction to the new U.S. tests to a propaganda fight. U.S. officials found this encouraging for the future course of U.S.-Soviet relations.

One of the limiting factors in Khrushchev's decision, it was said, may also be his own plans, assumed here, for the Soviet Union to hold new nuclear tests in the near future.

The Rusk-Dobrynin meeting was set for midafternoon. It will be the third such session within a two-week period—and the last for about two weeks.

Rusk is scheduled to leave Sunday for Allied consultations abroad, including a NATO foreign ministers' meeting in Athens. His trip also will take him to London, Australia and New Zealand.

The NATO gathering will give Rusk an opportunity to make a personal report to British, French and West German allies who along with the United States have a primary interest in the exploratory talks with Russia on the future of Berlin. He is expected to use the occasion to try to work out differences with West Germany over the possible elements of the settlement.

Several embassy officers spent most of the day receiving protests from small groups of peaceful demonstrators. U.S. Ambassador Edwin O. Reischauer was away from Tokyo on a speech-making tour. One group allowed to enter consisted of eight citizens of Hiroshima, target of the first 1945 American atomic bombing. The eight included a woman with a child in her arms.

Paper Dresses

WAYCROSS, Ga. (AP)—Dresses made of paper and disposable paper shirts will be worn within a few years, a forestry expert predicts.

B. E. Allen, manager of the woodlands division of the Union Bag Camp Corp., told the fifth annual Ware County Forestry Festival Wednesday that paper shirts will be on sale at computer-operated machines in the near future.

Carla DiMucci found important evidence linking a number of people with the underworld. She hid that evidence. Then she fell into the hands of some desperate men who had to get that evidence. The price of her freedom was to produce it. Read

Waterworks Can Declare Dividend

LITTLE ROCK (AP)—The Arkansas Public Service Commission gave General Waterworks Corp. authority today to declare a stock dividend of six shares for each 100 outstanding shares.

The company plans to issue a three-share dividend on May 1 and another three share dividend on Nov. 1.

The commission also approved the company's request for permission to issue 16,618 shares of dividend voting preferred stock — worth about \$747,810—to purchase assets of the Duluth Steam Corp. of Duluth, Minn.

The commission said the Duluth firm was worth \$103,928 more than General would pay for it.

General was ordered to transfer from its earned surplus account to its common stock account \$1 and to its capital surplus account \$13.65 for each share of stock issued as a dividend.

The company said about 78,570 shares would be involved.

General operates water companies at Pine Bluff, Russellville, Morrilton and Rison.

Fordyce, Engle and Hamburg, Morrilton and Rison.

Extension Denied

LITTLE ROCK (AP) — Central Arkansas Milk Producers Association was denied Thursday a request for an extended recess in a hearing in which CAMPA is accused of restraining trade. The Federal Trade Commission, which is holding the hearing, has accused the association and its secretary-manager David L. Parr of restraint of trade and selling milk at various prices. The hearing has been in session five weeks.

Thought For The Day

A wise man will make haste to forgive, because he knows the full value of time and will not suffer it to pass away in unnecessary pain - Rambler.

Calendar of Events

The District Convocation pre-musical will be held at the Pentecostal Temple Church of God in Christ Tuesday, May 1 at 7:30 p.m. Choirs of the city are invited to participate. The public is invited to attend. Elder O. N. Dennis, pastor; Mrs. S. J. Williams, District president.

Union Baptist Circle Meets The Willing Workers' Circle No. 1 met in the home of Mrs. Martha Baldwin April 25. Devotion was conducted by Mrs. Timothy Calvin. The lesson was taught by the pastor, Rev. O. C. Turnline with 10 members and two visitors present. A dessert plate was served by the hostess.

The next meeting will be held in the home of Mrs. Australia Hendrix. Mrs. Callie Ferguson is chairman.

Funeral service for Mrs. Mary J. Hickerson Armstrong, who died April 23, will be held at the New Light CME Church, Nashville on Sunday, April 29 at 2:30 p.m. Burial will be in Nashville Cemetery. Hicks Funeral Home Inc. in charge.

First Record Falls at Meet

DES MOINES, Iowa (AP) - A&M opened the Drake Relays today by bettering the college 440-yard relay mark only 15 minutes after the 53rd track and field classic started.

Powered by a burst by anchor man Bob Hayes, Florida A&M was timed in 40.8 seconds. The old record was 41.1 seconds, set in 1959 by East Texas State.

Other Florida runners were Al Austin, Bob Harris and Bob Paremore.

Ex-Marine John Uelses' try to pole vault back into the 16-foot level and another major track raid by little Texas Southerners were on the agenda later.

Wants Interview

PALM BEACH, Fla. (AP) - President Kennedy has asked for a complete transcript of the interview Soviet Premier Nikita Khrushchev gave Gardner Cowles, American newspaper and magazine executive.

Khrushchev talked for nearly three hours last Friday with Cowles and told him among other things that he agrees with Kennedy that accord on crucial issues must precede a new summit meeting.

The post now is held by Sen. Oliver Williams of Sheridan, who is not seeking reelection.

Dub Wells of Hampton also has filed for the position.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

The PASTOR

That crucial hour when one must have counsel by a trouble-sharing, God-loving pastor has come to this man. The broken in spirit and warped of soul must have guidance... the way must be pointed out.

God's ministers are serious and their counsel good. But better still, *they know the way of access to God*. There is one waiting to help you, and he is as near as the church or your telephone. When you are down and out; when you have lost all faith in yourself... that's when you need him most. *That's when you need God, too.*

There is no comfort like that which comes from Heaven, and to the seeking soul, Heaven is not far away. Your Pastor wants to help you.

**You In The Church...
The Church In You—**

Form a combination for
good. Every man, woman
and child needs the in-
fluence of the CHURCH.
Be a faithful worker.
Attend every service.

So They May See == Psalms 125 and 126 == So They May Hear

THEY THAT TRUST in the Lord shall be as Mount Zion which cannot be removed, but abideth forever.

2. As the mountains are round about Jerusalem, so the Lord is round about his people from henceforth even for ever.

3. The rod of the wicked shall not rest upon the lot of the righteous; lest the righteous put forth their hands unto iniquity.

4. Do good, O Lord, unto those that be good, and to them that are upright in their hearts.

5. As for such as turn aside unto their crooked ways, the Lord shall lead them forth with the workers of iniquity: but peace shall be upon Israel.

WHEN THE LORD turned again the captivity of Zion, we were like them that dream.

2. Then was our mouth filled with laughter, and our tongue with singing: then said they among the heathen, The Lord hath done great things for them.

3. The Lord hath done great things for us; whereof we are glad.

4. Turn again our captivity, O Lord, as the streams in the south.

5. They that sow in tears shall reap in joy.

6. He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him.
